COMPETITION RULES

1. Each competitor must provide a live female model. All competitors and models must be eighteen (18) years of age or older. Photo ID for both competitor and model is required. If a competitor MUST use a mannequin, they must provide their own mannequin and tripod stand. It will be up to the judge's discretion if the use of mannequin was an advantage for the competitor. In the case, the judges find there was an advantage then they will automatically deduct 1 point per judge on the Use of Tools category.

2. Prior to the start of the competition, the hair length must be at least four (4) inches all over the model's head. A line and design change must be evident at the finish of the cut with a minimum of one (1) inch removed. Final length must not exceed the shoulder.

3. The hair must be combed straight back at the start of the competition. Competitors may cut the hair either dry or wet and are able to wet hair again if necessary. No artificial hair is allowed.

4. At the start of the competition, the competitors will receive their shears and have 10 minutes to set up their station. Following the designated station prep time, competitors will have 40 minutes to complete the haircut. Time will be announced at the close of the competition and you must stop cutting and/or styling even if the look is not complete. At their discretion, judges may disqualify a participant for cutting or styling beyond the time limit.

5. Each registered competitor will receive two sets of Hattori Hanzo Shears (1 regular cutting shear and 1 texturizing/thinning shear) for competition use. These shears must be used during the duration of the competition and returned immediately after. After you have completed your competition registration, to select the shears you would like to use, visit www.hattorihanzoshears.com/shears and then email your request to education@premiereshows.com.

Participants are permitted to bring their own kit and shears. If you currently own Hattori Hanzo Shears and do not want to try out any new shears, please email either the name or a photo of your shears to education@premiereshows.com and indicate that you will be using your own.

6. All models' hair must be cut during the competition. Competitors are not allowed to cut, trim, shape or preset model's hair before the competition begins. All cut hair MUST be left on the floor and participants MUST stay at their station for the duration of the competition and judging.

7. All styling tools and products are allowed and are the responsibility of the competitor to provide. One (1) electrical outlet is provided with 1500 WATT maximum; in the case a competitor trips the power and power is lost for any other competitors - points will be deducted from that competitor's Use of Tools category.

8. The use of color is optional and must be done in advance. Spray colors are forbidden. However, it is recommended that a model's hair color has limited regrowth, fading and is beautifully blended as these factors will be taken into consideration for the overall final look.

9. The use of hair extensions, pieces and wigs is prohibited.

10. During the competition, the cut and styling will be judged separately. Note: All final looks must be fashion-forward but still wearable.
